

## **Water off Thursday 12 June 2025 from 9 am to 4 pm**

Water will be shut off to New Haven 1 & 2 and Waterview estates Thursday June 12, 2025 from 9 am to 4 pm while the plumbers work on the lift station. We regret needing to shut the water off again however this must be done to perform the necessary work.

Before the water is shut off, you can fill up a bathtub or multiple buckets, so you have water available.

Thank you
